## TO WHOM IT MAY CONCERN

Date: September 15, 2005

### Refurbishment of Digester System WWTP Sofia, Kubratovo / Bulgaria

Ladies and Gentlemen,

In August 2002 Passavant-Roediger Anlagenbau signed a contract for the refurbishment of the sludge digester system at the WWTP Sofia Kubratovo comprising the design, detailed engineering, delivery of equipment and supervision services.

We hereby certify that DELPHIN Project Ecotechnica Ltd. was our Sofia subcontractor for the following services:

- Site survey and inspection
- Preparation of the general conception
- Detailed design
- Coordination of the project
- Preparing of the tender documents for the local civil works based on FIDIC Conditions of Contract
- Construction Supervision on sites
- Assistance in the commissioning of the works

The project was submitted in Bulgarian and English.

We would like to certify that DELPHIN Project Ecotechnica Ltd. has performed all responsibilities to our greatest satisfaction and in accordance with all relevant regulations and standards. DELPHIN Project Ecotechnica Ltd. has shown excellent engineering practice, workmanship and first quality.
